

ISeDeposit aka REMOTE DEPOSIT CAPTURE

What is ISeDeposit (Remote Deposit Capture or RDC)? It is a service that allows a Business Customer to scan checks for deposit and transmit the scanned images to Claremont Savings Bank for posting and processing.

FEATURES	BENEFITS
60 Day Trial Offer! Waiver of Maintenance and Equipment Lease fees for two months.	We're so confident you will find this service beneficial to your business that we are offering a 60 day free trial. If at any time during the first 60 days you are not completely satisfied, we will remove the equipment at no cost and return your set up fee.
Business has check scanner at place of business.	Convenience. Make deposits to the bank from your place of business. CSB leases the scanner to the business and provisions for maintenance, software upgrades and licensing is part of Agreement and subsequent fee schedule.
Employees are able to stay at place of business to make deposits	Saves employee time and employer money.
Business has the ability to process checks throughout the day and after 5 p.m.	Deposits can be transmitted at any time up until 6:00 p.m. weekdays. CSB will process at 12:00 noon and 6:00 p.m.
Safe and secure	Access to transmit is done through CSB's Business On-Line Banking Suite with a back-up system of a secure web-based portal. Information is transmitted securely from place of business to bank via a secure server.
Access is controlled by the company Administrator.	A company administrator manages all internal user access.
Perfect for Business's small or large	Whether you have one check to process or many a day, this will work for you.
This product is available for all of your business locations	You can have branches of your business throughout the New England states and we can serve you!
24 hour equipment replacement policy with our Maintenance Agreement	If your scanner breaks down we will order a replacement scanner which will be shipped directly to your office within 24 hours. You send the broken scanner back using the shipping box supplied.
Phone assistance available 7 a.m. to 6 p.m. weekdays.	Our Call Center staff will be on hand to answer your call and is trained to help with basic questions. Our Technology Area representative will be available during normal banking hours. We also have the ability, with your permission, to remote into the software on your computer to help resolve issues.
Paper Checks are retained by the Company.	After scanning, the paper checks are retained at the place of business for 90 days. The company agrees to properly destroy all paper checks at that time.
